EDUCATION

Government Boys hr sec school,Tirukoilur — *HSC*

JUN 2015- APR 2017

Thiruvalluvar University,Thiruvennainallur — *Bsc computer Science*

APR 2017 - JUN 2020

PROJECTS

Simple Calculator

Technologies: HTML, CSS, JavaScript
Description: Created a basic calculator with a user-friendly interface that
performs arithmetic operations. Included keyboard support for input,
allowing calculations via mouse clicks or keyboard keys. Implemented
responsive design and error handling for a seamless user experience.

Rock Paper Scissors Game

Technologies: HTML, CSS, JavaScript
Description: Developed an interactive Rock Paper Scissors game where
players compete against the computer. Implemented real-time feedback on
game outcomes, enhancing skills in JavaScript and user interactivity.

Digital Clock

Technologies: HTML, CSS, JavaScript
Description: Developed a digital clock that displays the current time and
updates every second. Utilized JavaScript for time manipulation and improved
skills in DOM manipulation and responsive design.
